

MatrixStore Vision

AS-10 Metadata

Version 1.0, July 2017

Overview

The following table contains all **AS-10** metadata extracted and stored by MatrixStore. The values in the **Type** column are the data type of the stored values. The default type is *string* unless specified.

The attribute keys presented here are taken verbatim from the *AMWA AS_10* Element Name used in the AS-10 specification.
